

Dog-e-minder can track pets

McClatchy-Tribune

Your dog can't tell you the last time it was fed, but Dog-e-Minder can.

With the press of a button, the device records the time and date when the pet is walked, fed or medicated. It also stores your dog's name and your phone number, so it doubles as an ID tag.

Dog-e-Minder is available in four colors and can be ordered for \$19.95 plus shipping at <http://www.dogeminder.com>.
